Revision 1 :

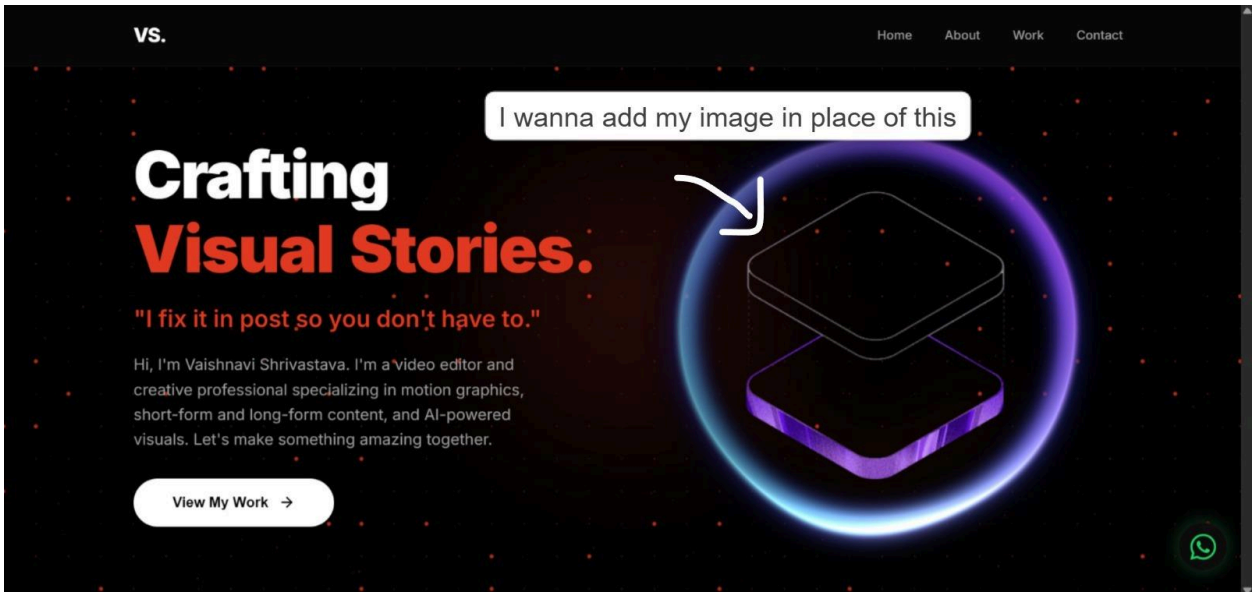

Change 1:

I want the strip on top to be like the image below. The strip should be thin and subtle in both views- mobile & desktop. (Reference Portfolio link: https://tejasedits.framer.media/)

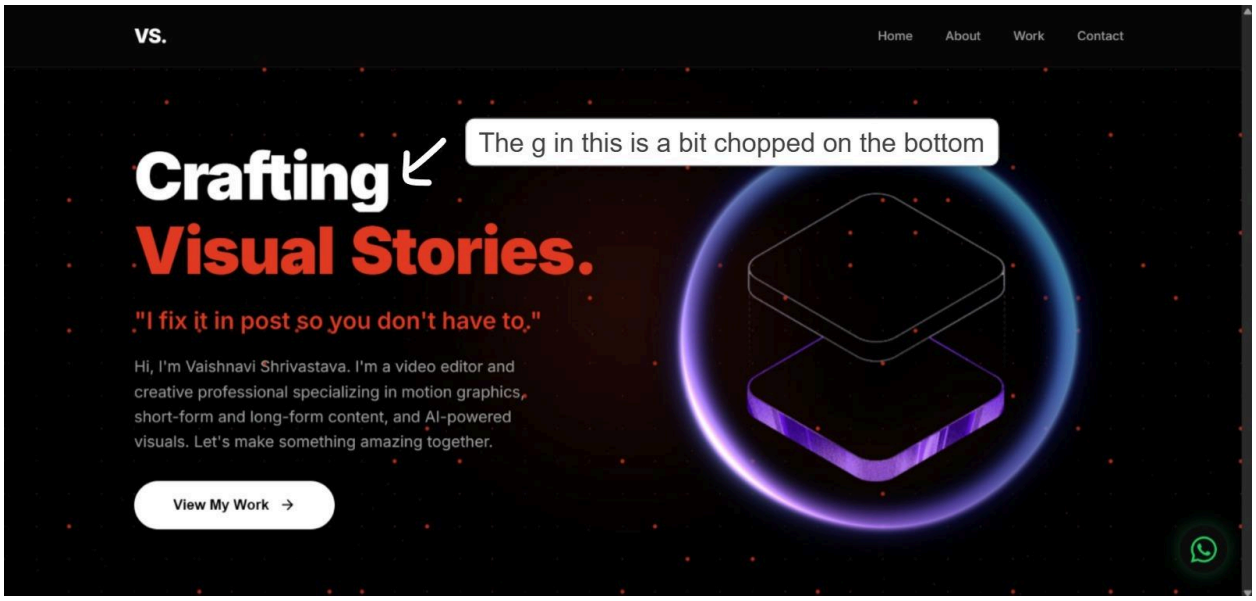

Change 2:

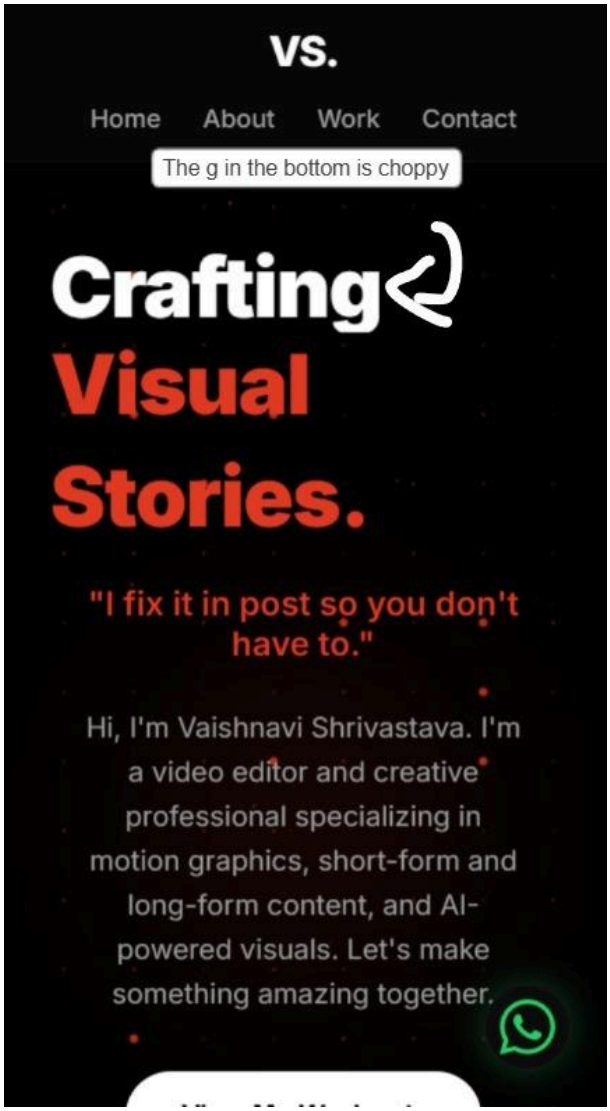

I haven’t clicked the image yet 😅

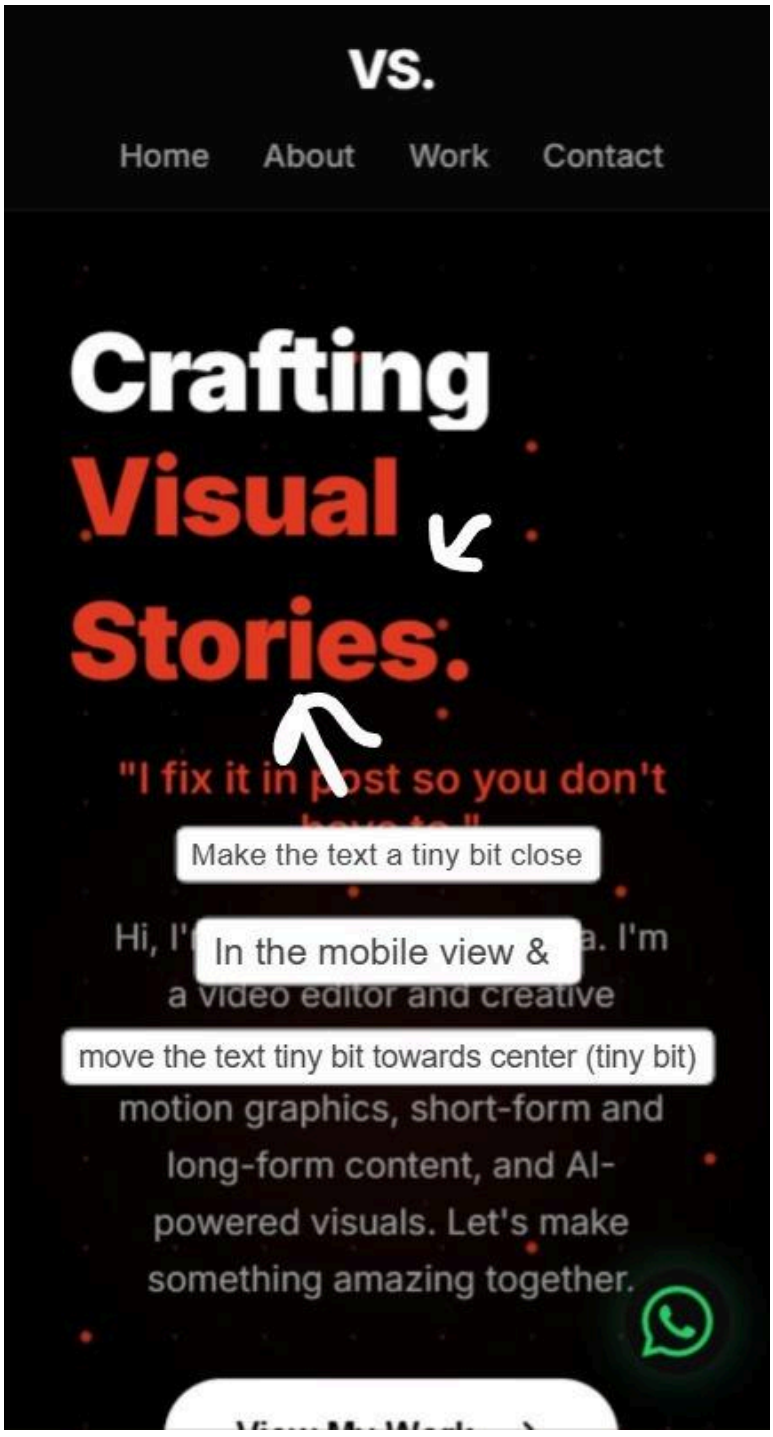

Change 3:

"I fix it in post so you don't have to."
Hi, I'm Vaishnavi Shrivastava. I'm a video editor and creative professional specializing in motion graphics, short-form and long-form content, and AI-powered visuals. Let's make something amazing together.

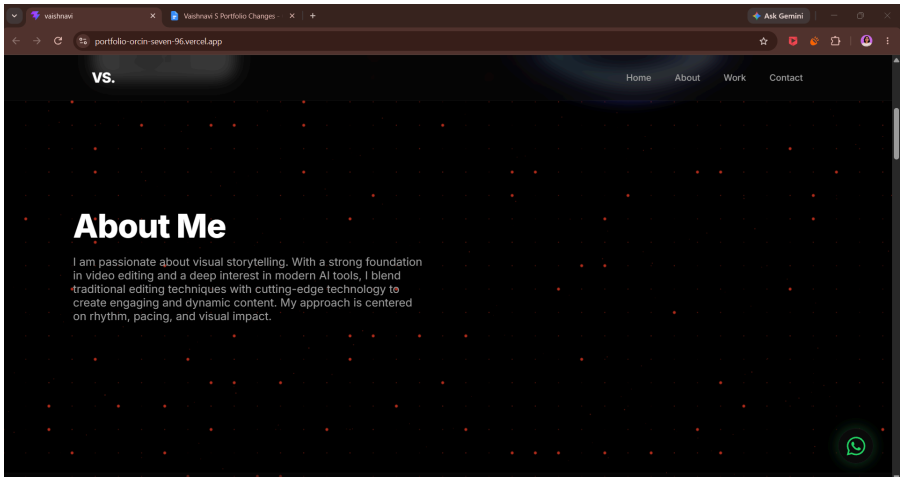

Change 4:

Only in mobile view, make the space between the headline text a bit close and move the whole text a bit towards the centre. However you think it will look right.

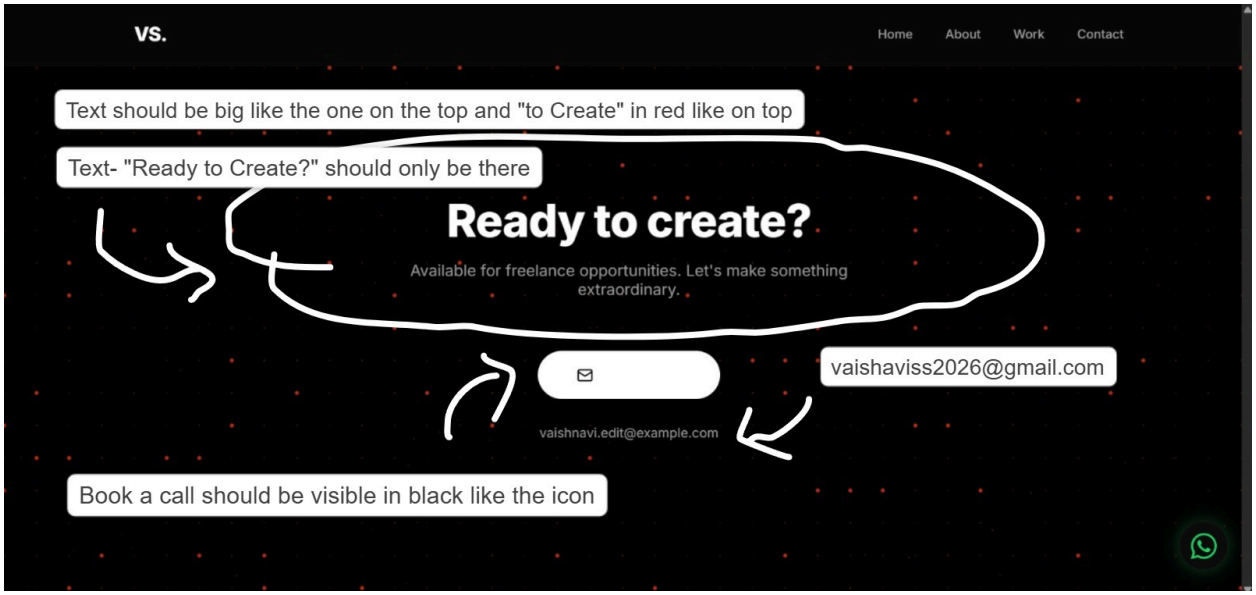

Change 5:

Move the ***About me section*** below the ***ai section*** with another image of me, then ***book a call section*** in the end. About me paragraph text on the right side and my image on the left (desktop). In mobile view- image above and about me below.

Change 6:

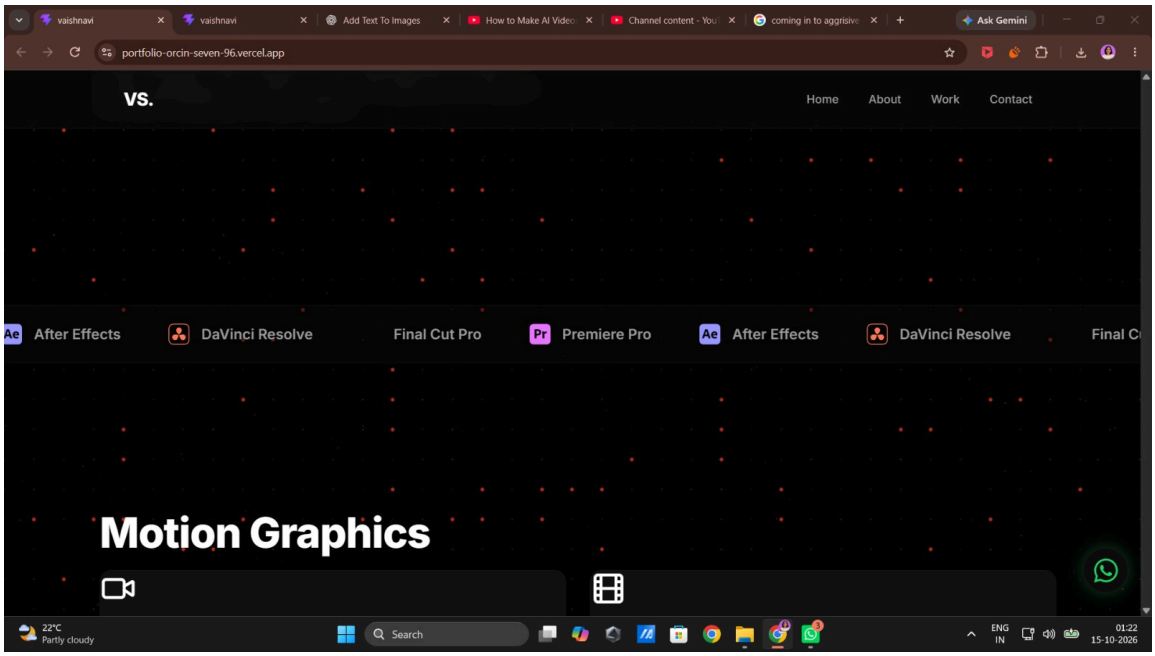

Keep headline text and remove bottom text.

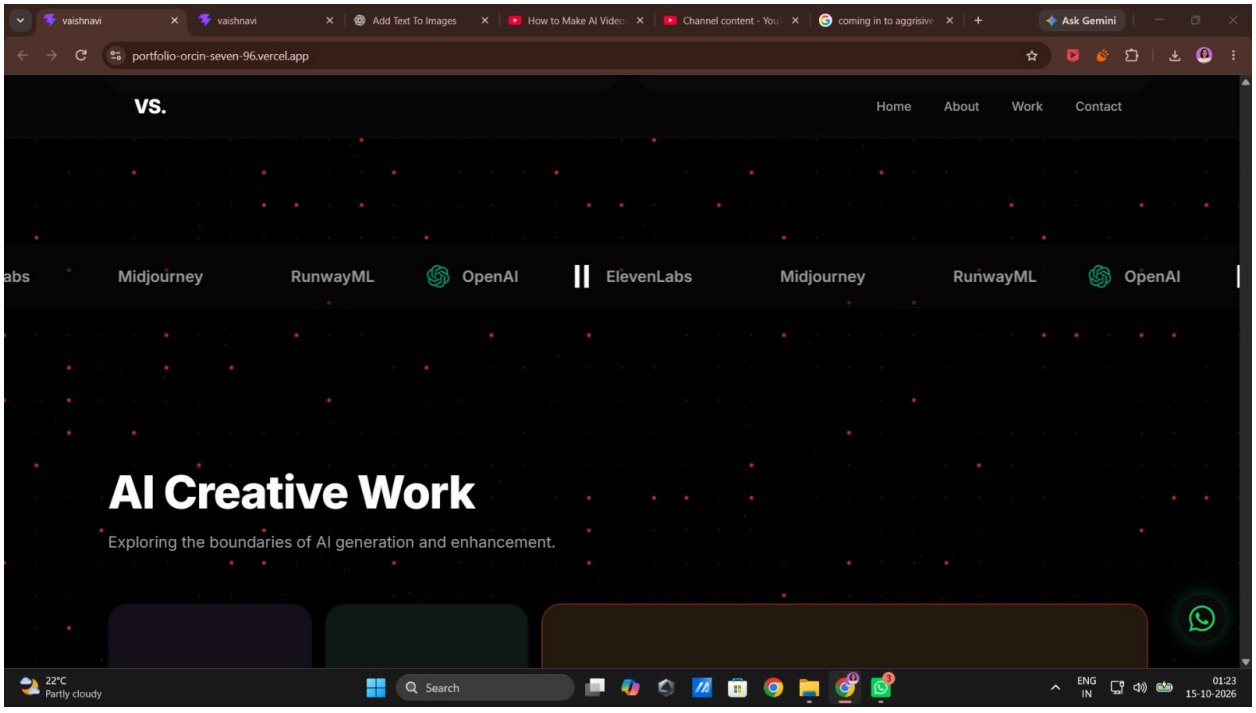

Same for the mobile view

Change 7:

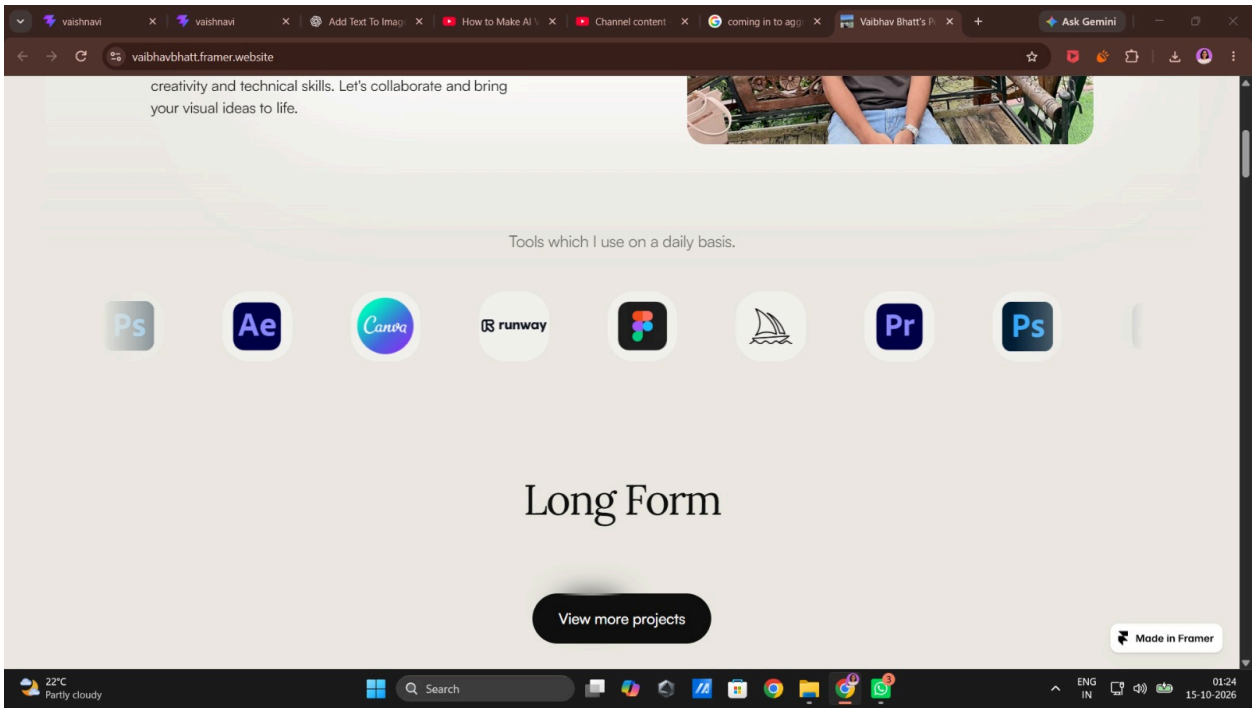

The icons and animation in this-

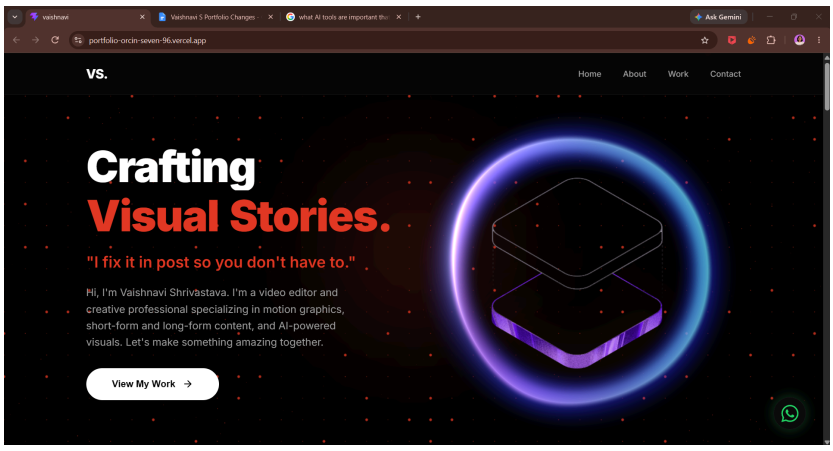

And this-

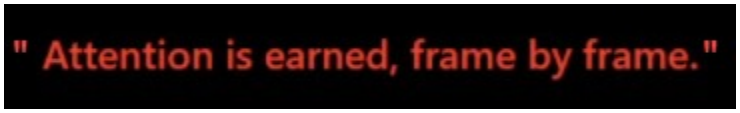

(Reference Portfolio: https://vaibhavbhatt.framer.website/) - I wanted it like this- remove the two strips and make it only one strip with only the original icon - the icons are- Pr, Ae, Ps, Chatgpt, Higgsfield AI, runway, canva. - same for the mobile view.

Change 8:

i want this as a subheading on top in place of - “I fix in post so you don’t have to.”

This :-
"i believe attention is earned, frame by frame"

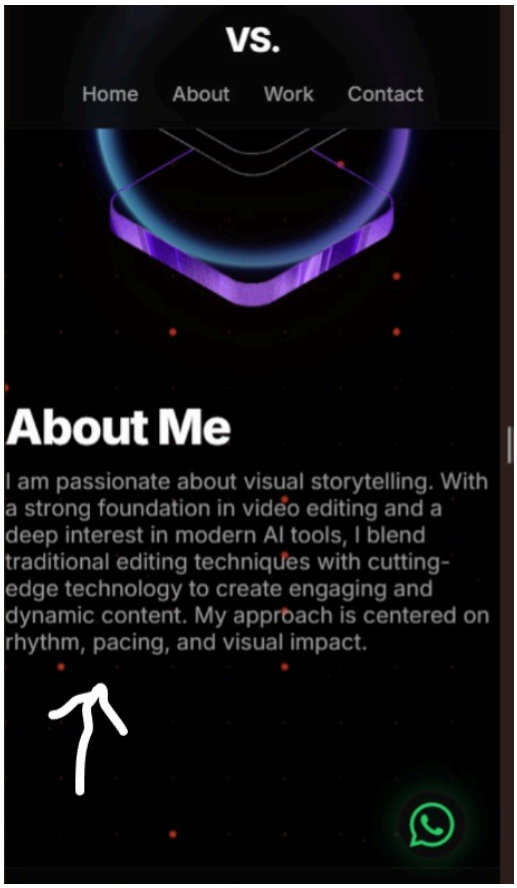

And ***the below paragraph*** to be -
Hi, I'm Vaishnavi Shrivastava. I'm a video editor and a creative professional crafting engaging short-form and long-form content through sharp storytelling, dynamic visuals, and purposeful motion graphics. Let's make it happen.

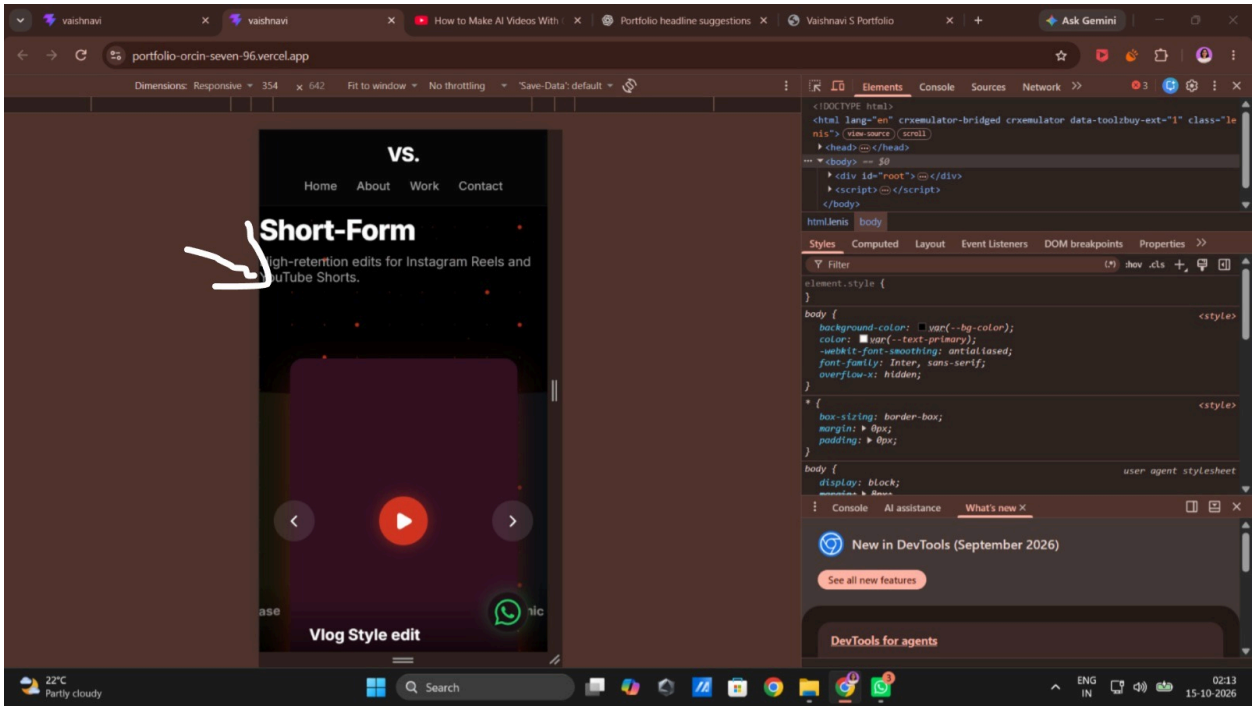

Change 9:

About me section:
I focus on turning ideas into engaging visual experiences. From short-form content to long-form videos, I combine storytelling, pacing, motion graphics, and AI-powered visuals to create content that captures attention and communicates effectively. My approach is centered on pacing, storytelling and visual impact.

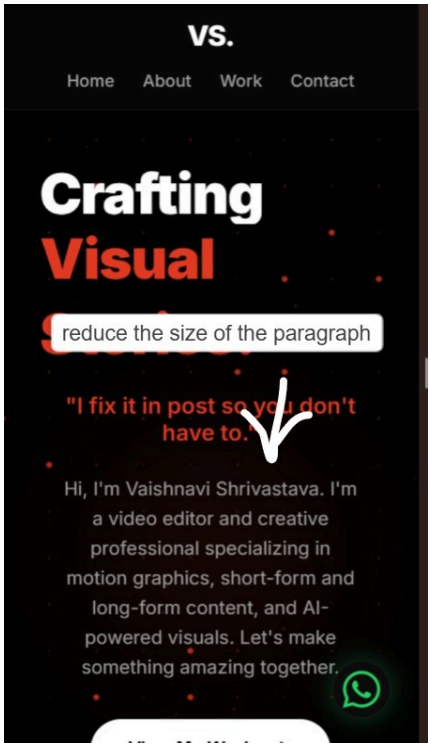

Change 10:

And adjust the alignment of elements in the mobile view -
